**Charlotte Sometimes** Penelope Farmer, 2016-07-06 A time travel story that is both a poignant exploration of human identity and an absorbing tale of suspense. It's natural to feel a little out of place when you're the new girl, but when Charlotte Makepeace wakes up after her first night at boarding school, she's baffled: everyone thinks she's a girl called Clare Mobley, and even more shockingly, it seems she has traveled forty years back in time to 1918. In the months to follow, Charlotte wakes alternately in her own time

and in Clare's And instead of having only one new set of rules to learn she also has to contend with the unprecedented strangeness of being an entirely new person in an era she knows nothing about Her teachers think she's slow the other girls find her odd and as she spends more and more time in 1918 Charlotte starts to wonder if she remembers how to be Charlotte at all If she doesn't figure out some way to get back to the world she knows before the end of the term she might never have another chance

**In Bad Faith** Forrest Glen Robinson,1986 Something is not right in the world of Tom Sawyer and Huckleberry Finn The unease is less evident to Tom the manipulator than to the socially marginal Huck The trouble is most dramatically revealed when Huck whose civilized Christian conscience is developing faces the choice between betraying his black friend Jim which he believes is his moral duty and letting him escape as his heart tells him to do Bad faith is Forrest Robinson's name for the dissonance between what we profess to believe how we act and how we interpret our own behavior There is bad faith in the small hypocrisies of daily living but Robinson has a much graver issue in mind namely slavery which persisted for nearly a century in a Christian republic founded on ideals of freedom equality and justice Huck living on the fringes of small town society recognizes Jim's humanity and understands the desperateness of his plight Yet Huck is white a member of the dominant class he is at once influenced and bewildered by the contradictions of bad faith in the minds of his fully acculturated contemporaries Robinson stresses that bad faith is more than a theme with Mark Twain his bleak view of man's social nature however humorously expressed his nostalgia his ambivalence about the South his complex relationship to his audience can all be traced back to an awareness of the deceptions at the core of his culture and he is not himself immune This deeply perceptive book will be of interest to students of American literature and history and to anyone concerned with moral issues

*Eva Evergreen, Semi-Magical Witch* Julie Abe,2020-08-04 A young witch must pass a coming of age quest or risk losing her magic forever in this enchanting fantasy perfect for fans of Kiki's Delivery Service and Aru Shah and the End of Time Sometimes all you need is a pinch of magic Eva Evergreen is determined to earn the rank of Novice Witch before her thirteenth birthday If she doesn't she'll lose her magic forever For most young witches and wizards it's a simple enough test One Help your town do good all around Two Live there for one moon don't leave too soon Three Fly home by broomstick the easiest of tricks The only problem Eva only has a pinch of magic She summons heads of cabbage instead of flowers and gets a sunburn instead of calling down rain And to add insult to injury whenever she overuses her magic she falls asleep When she lands in the tranquil coastal town of Auteri the residents expect a powerful witch not a semi magical girl So Eva comes up with a plan set up a magical repair shop to aid Auteri and prove she's worthy She may have more blood than magic but her semi magical fixes repair the lives of the townspeople in ways they never could have imagined Only Eva's bit of magic may not be enough when the biggest magical storm in history threatens the town she's grown to love Eva must conjure up all of the magic bravery and cleverness she can muster for Auteri and her dreams of becoming a witch will wash away with the storm

**By Order of the President** Greg Robinson,2009-07-01 On February 19 1942 following the Japanese bombing of Pearl Harbor and Japanese Army successes in the Pacific President Franklin Delano Roosevelt signed a fateful order In the name of security Executive Order 9066 allowed for the summary removal of Japanese aliens and American citizens of Japanese descent from their West Coast homes and their incarceration under guard in camps Amid the numerous histories and memoirs devoted to this shameful event FDR s contributions have been seen as negligible Now using Roosevelt s own writings his advisors letters and diaries and internal government documents Greg Robinson reveals the president s central role in making and implementing the internment and examines not only what the president did but why Robinson traces FDR s outlook back to his formative years and to the early twentieth century s racist view of ethnic Japanese in America as immutably foreign and threatening These prejudicial sentiments along with his constitutional philosophy and leadership style contributed to Roosevelt s approval of the unprecedented mistreatment of American citizens His hands on participation and interventions were critical in determining the nature duration and consequences of the administration s internment policy By Order of the President attempts to explain how a great humanitarian leader and his advisors who were fighting a war to preserve democracy could have implemented such a profoundly unjust and undemocratic policy toward their own people It reminds us of the power of a president s beliefs to influence and determine public policy and of the need for citizen vigilance to protect the rights of all against potential abuses

[The Broken Compass](#) Keith Robinson,2014-01-06 It seems like common sense that children do better when parents are actively involved in their schooling But how well does the evidence stack up The Broken Compass puts this question to the test in the most thorough scientific investigation to date of how parents across socioeconomic and ethnic groups contribute to the academic performance of K 12 children The surprising discovery is that no clear connection exists between parental involvement and student performance Keith Robinson and Angel Harris assessed over sixty measures of parental participation at home and in school While some of the associations they found were consistent with past studies others ran contrary to previous research and popular perceptions It is not the case that Hispanic and African American parents are less concerned about education or that Tiger parenting among Asian Americans gets the desired results Many low income parents want to be involved in their children s school lives but often receive little support from school systems For immigrant families language barriers only worsen the problem In this provocative work Robinson and Harris believe that the time has come to reconsider whether parental involvement can make much of a dent in the basic problems facing American schools today [The Starlight](#)
